

# GAD Family (GAD Token)

## Utility Token for Families: Safety • Motivation • Shared Wallet

Version 1.0 — Whitepaper

### Introduction

GAD Family is a utility token designed for everyday family use. It integrates blockchain with real-world applications such as family safety, walk-to-earn rewards, shared wallets, and transparent liquidity.

### Token Utility

- Walk-to-Earn: Family members earn GAD tokens for steps taken daily.
- Family Wallet: Shared wallet for parents and children with savings features.
- AI Assistant: Improves family communication and gives relationship tips.
- Buyback & Liquidity: Part of app revenue directed to token buyback and liquidity pools.

### Tokenomics

Total Supply: 10,000,000,000,000 GAD

Distribution:

- Circulating at Launch: 50%
- Ecosystem & Treasury (vesting): 20%
- Community Rewards (walk-to-earn): 15%
- Liquidity (locked): 10%
- Team (24-month vesting): 5%
